Genetec™

Streamvault SVW-300E

Security workstation

The Genetec Streamvault™ SVW-300E workstation is a turnkey solution designed for small and medium-sized security system monitoring. With support for multiple displays and Security Center pre-installed, it helps operators keep a watchful eye on your installations.

Guaranteed performance

› up to **8** monitors

› up to **42** full HD streams

Key features

Turnkey workstation with Genetec™ Security Center pre-installed

Connect up to 8 monitors

Display up to 42 full high-resolution video streams

5-year hardware warranty with next business-day on-site support and hard drive retention

Benefits

Compact design – With its small form-factor, the SVW-300E workstation fits seamlessly into your environment.

Smooth performance – The SVW-300E workstation takes advantage of the Security Center GPU-accelerated decoding feature to deliver fluid playback of live and recorded high definition video.

Turnkey deployment – All Streamvault solutions come with Security Center pre-loaded and ready to go, so you can get your system up and running faster.

Applications

Corporate offices

Whether you are looking to add a security workstation to your office or provide live viewing capabilities to reception staff, the SVW-300E workstation is a cost-effective solution for corporate environments.

Retail

Display live camera feeds in public areas using a discreet workstation that can be easily be stored behind the counter, and enhance safety and security.
